Subject: RE: PG&E Corporation News Release - PG&E CORPORATION ELECTS VETERAN GAS
EXECUTIVE FRED J. FOWLER TO BOARD OF DIRECTORS

Brian,

Here is my contact information for President Peevey's request:

Deanna Toy
acting Director
Business Development
Pacific Gas and Electric Company
(415) 973-3362 ofc
(415) 412-9543 cell
(415) 973-3884 fax

As I mentioned to Manho, NRD has experience bringing PG&E together with telecom
service providers to build fiber optic projects that may otherwise be uneconomical.
Could you let me know what the SR Utility Committee focuses on? I wasn't able to
find any information about the committee on the CPUC's website.

Regards,

Deanna

Subject: Re: Question from President Peevey

Manho,

I can definitely take the lead in reaching out to the SR Utility Committee per President Peevey's request. NRD has experience bringing together PG&E interests (system automation needs) with telecom providers' interests to make otherwise uneconomical projects possible. Please let me know who in your org wants to be kept in the loop during the process.

Deanna
