Subject: CFE Rate Design Workshop - conf call with IOUs to discuss agenda and role

Hi Akbar, Tom, and Lee –

Nancy Ryan and I have been working on the draft agenda for the rate design workshop scheduled for March 6th in Napa. We've added the session below, and would like to schedule a conference call with all of you to figure out what needs to be covered in this session and by who (or is that whom?).

11:00 pm - 12:00 pm – SESSION 3: What cost recovery challenges will California's utilities face as they transform themselves to meet our long term policy goals? What kind of rate structure do we need to support the grid of the future?

Rep, SCE/PG&E/SDG&E (10 min)

Roundtable Discussion

I've copied in Joan Lynch from the CFE office and will ask her to coordinate our schedules to find a time that works for everyone.

Let's plan to walk thru the attached draft agenda to give you insight into what we are expecting from the other sessions, and then figure out how to structure this session.

Best,

Beth
