Sorry for my slow response - I had to take the day off yesterday. Do you mean the November or the June filing?

Sid,

Its not clear what she wants. I think she may be talking about [Redacted] application that was filed in November.

M,

Does this make sense to you?

Hi Sid,

Nice seeing you today.

On the Smart Grid pilot/program application the ALJ needs the charts in color. We can't clearly make out all the finer points that PG&E is trying to make. So, can you please have someone review the testimony and send us the original color versions of the charts and stuff. Call me if you have questions.
