Subject: PG&E issues GHG RFO

To all potential GHG RFO Participants:

Today Pacific Gas and Electric Company (PG&E) issued its first Greenhouse Gas Request for Offers (GHG RFO) for allowances and/or offset credits. The goal of the GHG RFO is to procure GHG allowances and/or offset credits that are eligible for compliance under the cap-and-trade regulations adopted by the California Air Resources Board (CARB) as part of AB 32, the Global Warming Solutions Act of 2006. Copies of the GHG RFO Protocol and related information and materials are now available on PG&E's website at <http://www.pge.com/rfo>.

PG&E will host a Participants' Webinar on February 15, 2012 from 10:00 AM to 12:00 PM Pacific Prevailing Time (PPT). Participants in the GHG RFO with general questions must submit them to GHGRFO@pge.com by February 8. To register for the Webinar, complete the [Webinar Registration Form](#) and return it to GHGRFO@pge.com by February 10.

Offers in response to the GHG RFO are due on March 8, 2012 at 1:00 PM PPT.

For information or questions about PG&E's GHG RFO, please e-mail GHGRFO@pge.com.

We look forward to your participation in PG&E's GHG RFO.

Regards,
PG&E
