As an olive branch to the smart-meter protesters I've agreed to let them opt out of the metal detectors and instead be frisked by Terrie Prosper.

But we will likely have a full house of SmartMeter protesters. It is going to be a long meeting.

We heard from Economy Air that they received information from the SCE/PECI team that they can work with and therefore they will not be protesting at the Commission today.

Thanks,

Meredith

Thanks very much for the information. Hazlyn gave us a heads-up but the standby statement is helpful.

Paul, Terrie, Ed,

We've heard that Economy Air may protest at the CPUC tomorrow around noon. Our standby statement is attached. I believe our EE team reached out to Hazlyn Fortune earlier but wanted to be sure you were aware.

Thanks,

Meredith
