Forgive me if I'm repeating myself, but thanks for pulling this together. We've shared it with the GO.

Best,

Matthew

Confidential

Hi Matthew,

Attached is the updated biomass presentation. I deleted the information concerning the Thermal amendment given that it is the subject of a currently pending application. The others pending amendments are going through the advice letter process given the terms were less than 5 years.

Please let me know if you need additional information.

Thanks,
Meredith
