Hello,

I don't personally have the number but I believe [Redacted] has it. I will work with him on tracking the information down.

Great thanks, yes I know the mailing address so I could write a letter if we cant reach him otherwise. As I mentioned, I have already left a phone message for him at the mobile home park office.

If [Reda] can supply a phone number that would be great.

Fred

I do not but have added [Redacted] from our Customer Care group who was also in attendance at the

town hall event who may have contact information for him.

Hi Kent,

I understand you may have contact information for a Redacted of East Palo Alto who expressed concern about the gas piping system at the Palo Mobile Estates mobile home park during a community meeting last week?

Please send me his contact info if you have it.

Thanks,
