Subject: RE: PG&E's March 1 Rate Change Advice Letter

I can talk on Monday 2/6 sometime between 10:30 am and 12:30 pm about AL 3994-E.

You might try Molly Sterkel a manager in Energy Division who's branch deals with metering issues to see if anyone in her group will be handling the SM opt out advice letter.

On the advice letter, we want to go over the implications of the correction we made to rates in the advice letter and get your thoughts about best ways to proceed.

Do you know who we could talk with to determine who our contact would be at ED regarding SM opt out? We are expecting to file advice letters early and want to make sure ED is not caught unaware.

Thanks Don. As always, I appreciate your help.

[Re], someone in my section will likely review AL 3994-E. What is the purpose of the follow up conference call?

I do not know what section in Energy Division will handle the SM Opt Out.

Don: Last week we called to give you a heads up with regard to our advice letter for the March 1 rate change (3994-E). We would like an opportunity to discuss it in a bit more detail. Don, will you be reviewing that filing? If so, would it be possible to conference on Monday?

Also, if the SM Opt Out decision comes out today, do you know who will be handling the advice letters for ED?

Thanks, [Redacted]
