**Re: Pacific Gas and Electric Company's Non-Tariffed Products and Services (NTP&S)
Information-Only Report**

Dear Mr. Randolph:

Pursuant to Decision (D.) 11-05-018, Pacific Gas and Electric Company (PG&E) is authorized to provide non-tariffed products and services (NTP&S) already approved for use by the other California investor owned utilities (IOUs) starting thirty (30) days after PG&E provides an information-only report regarding the categories it plans to offer. PG&E provided its first NTP&S information-only report to the Energy Division on September 30, 2011.

Following Energy Division's response to PG&E's information-only report on October 28, 2011, PG&E met with the Energy Division on December 6, 2011 to better understand Energy Division's comments and concerns. PG&E is submitting this revised information-only report to address the concerns that Energy Division has shared with PG&E.

As provided by D.11-05-018, PG&E plans to incorporate these items into its existing NTP&S catalog starting March 3, 2012. A copy of this information-only report is being sent to everyone listed on the official service list for R.05-10-030 and A.09-12-020.

Sincerely,

/s/

John Hughes
Director, Regulatory Relations
