Bcc:  
Subject: RE: March 2012 PDSR Template

Jason, Robert, and Junaid -

Per our discussions, attached is the updated PDSR template, which now includes an additional column for contract execution date and updated definitions for current contract pricing columns for projects under negotiations.

<<...>>

As I stated before please let me know exactly any changes made to the Project Information tab or the Data Definitions tab so we can alter manually as we've already started working on the PDSR. We'd really appreciate it.

Thank you,

**Importance:** High

Jason, Robert, and Junaid -

Per our discussion on Friday, January 27th, we've updated the PDSR template to include drop down options for the Negotiations Status column. Instead of just

providing a simple yes or no regarding if the project had been presented to the PRG yet as we discussed on Friday, we tried to create drop down options that give a little more information regarding both PRG status and the negotiation status. Please review and let us know if this works for what you want and if you think this will work for all IOUs.

In addition, as PG&E is already working on the PDSR, please let me know exactly any changes made to the Project Information tab or the Data Definitions tab so we can alter manually. We'd really appreciate it.

Please feel free to give me a call to discuss with any questions.

Thank you,

**Subject:** March 2012 PDSR Template

Jason, Robert, and Junaid -

Attached please find the final template for the March 2012 PDSR, including the minor modifications we discussed at our meeting last Thursday.

<< File: EnergyDivisionTemplate\_March\_2012.xls >>

As for negotiations status column, per my voicemail yesterday, we'd like to clarify and discuss what exactly the CPUC needs so we can best populate a column or give the most accurate information if a column isn't necessary. We've left it in the template for now as a placeholder in anticipation of a more clear definition. Please give me a call to discuss when you get a chance.

Thank you,
