Subject: RE: non-spike hydrotest

Michelle, Sunil,

I am writing to formally withdraw our notification for not spike testing part of Line 300B as submitted to you this past Monday March 19. After a conversation between Sunil and Ben, we have found a way to spike test this portion and thus, the letter we submitted is moot.

If you feel we need to submit a more formal withdrawal, please let us know.

Thank you.

Shilpa

Subject: non-spike hydrotest

Michelle,

Consistent with current practice, attached is notification of an upcoming hydrotest (and related documentation) planned for Wednesday this week, where PG&E believes it would not be advisable to perform a spike test. Please let us know if you have any questions or concerns.

Trina
