Subject: Notice: CPUC Combined Heat and Power Program website now online.

Dear interested parties of A.0811001:

The California Public Utilities Commission is pleased to announce that the Energy Division's [Combined Heat and Power \(CHP\) Program website](#) is now online. The website is a clearinghouse for information on the programs that support the deployment of efficient Combined Heat and Power facilities that are needed to meet the State's energy needs and greenhouse gas mitigation goals.

The CHP Program website features:

- An [overview](#) of the Commission's CHP Proceedings
- Investor Owned Utilities' (IOUs') Semi-Annual QF and CHP Program Reports
- Energy Division's summary of progress toward the IOUs' CHP MW Procurement and GHG Emission Reduction Goals
- Information for counterparties to understand the available [procurement processes](#) including:
 - [CHP Feed-in Tariff \(AB 1613\)](#)
 - [Qualifying Facilities and CHP Program Settlement](#)
 - Pricing, tariff, and available contracts for each IOU and eligibility information
 - The history of and relevant rulemakings from the CHP proceedings
 - Additional [resources for further information](#) on CHP.

The [CHP Program website](#) is linked to information published by the investor owned utilities and is regularly updated by Energy Division. Please check back periodically for the most recent updates. To contact the Combined Heat and Power Program staff with questions specific to the CPUC, email energy@cpuc.ca.gov or call our hotline at 415-355-5586.
