That works better for me too. I will find a time next week and update the invite.

Adam apparently has a conflict. he says 3pm is good for him. I recommend next week as the meeting will be pretty involved and probably take more than an hour...

Hi Jason,

I didn't see Adam's note, but will check in with him. Our team is planning to head over for a meeting at 3:30 to discuss the monthly reporting template. Unfortunately, I can't make it but Maggie, Chad, Chris and Esfandiar will be

there to continue the discussions. Would it be better to reschedule?

Thanks,
Meredith

Hey there,

Just left you a vm. I just saw Adam's request. Don't worry about moving things around today. We can reschedule later.
