Subject: RE: Follow up on Storage OIR comments?

Hi Meredith:

Thanks for quickly arranging the meeting. In our discussion, several items were identified for which some additional follow up would be helpful. In particular I could some feedback on at least two items, if possible by Mon/Tue:

-Can D-connected storage provide A/S in an operationally effective manner for CAISO markets?

- Are there regulations preventing a D-asset from serving applications involving both market- and rate- based cost recovery?

- Feel free to add other items based on yours and Dipya's notes (I didn't write down everything). We can follow up by phone conference or in person as convenient. Thanks.

Hi Meredith:

Great to run into you again. I didn't realize you were still handling storage, otherwise I would have started with you.

Thanks for coordinating. If we can start at 3:30 that would be a little better; if availability is an issue, we can still work with 4pm. What bldg should I come to? Btw, let's keep this informal and a small team. No one needs to prep anything. I am just looking to get more background/insights around some of the comments in Jan 31 filing and perhaps raise other points to think about and get reactions.

Also, based on Alice's email, I had already sent notes to Dipya and Dan. Pls let them know of our exchange to avoid duplication. Thanks.

Hi Aloke,

Would tomorrow afternoon at 4:00 work for a meeting to discuss our opening comments? We can meet at PG&E. I will coordinate with Daidipya and others here.

Thanks,

Meredith

Subject: Storage OIR comments?

Hello Alice:

I am on ED staff working on Storage OIR. I would like to have an informal chat with PG&E staff to get more insights into some of PG&E's comments filed on Jan. 31. Please let me know who I can follow up with. Thx.
