Paul,

Gary has been out this week but is back in the office today. I'm scheduled to chat with him later this afternoon about the questions we discussed. I will let you know.

Thanks,  
Meredith

Meredith,

Just checking in to see if there are any updates on the renewable integration costs/ 2011 RPS contracting issue. FYI - I just got another phone call about the issue and I think the associations are going to start making the rounds on the 5th floor.

Thanks,

Paul
