Thank you, Matthew, for your email. Melanie Gillette and I could meet Monday thru Wednesday; Rich Quattrini (EnergyConnect/JCI) is available on Wednesday. I have not yet heard from Carlos Lamas-Babbini (Comverge), but will let you know.

Sara

Hi folks. We conferred with PGE this week and they believe they have a suggestion which may resolve our near term problem. Damon and I suggest we all meet this week to discuss.

By cc I am asking Amy Brodrick to work with you all the find the earliest available time that works for everyone.
Sid, if you have not already, will you please be in touch with the aggregators this week to share your suggestion? Hopefully the basics of your compromise can be well understood by all before we meet, so we can use the meeting time more efficiently. I appreciate it.

Thank you everyone.

Matthew

Thank you, Sara.

Damon Franz from Cmr Peevey's office will join us as well. He is out of the office today and so I'm not 100% on his availability at this time. Let's pencil in the appointment, plan on keeping it, but allow Damon a chance to confirm or suggest an alternative.

Mona, Melanie, Rich, and Carlos, thank you for making yourselves available on short notice. I look forward to the discussion.

Dear Matthew:

First, thank you for the telephone call today to arrange a meeting with the DR Aggregators and you and Damon Franz.

Second, I have been able to contact the principal representatives of each of the DR Aggregators, and each is available for the meeting on Tuesday, February 28, at 4 p.m. In attendance will be Rich Quattrini of Johnson Controls/EnergyConnect, Carlos Lamas-Babbini of Comverge, and either Mona Tierney-Lloyd or Melanie Gillette for EnerNOC. I will also attend, but understand that your questions go to these principals.

Please let me know if this is still a good time for the meeting.

Thank you.

Sara Myers
