Works for me. I'll circulate my conference line tomorrow.

Thx all

Matthew

Subject: RE: Meeting with DR Aggregators on Tuesday, February 28, at 4 p.m.

Matthew – We would like to propose that this meeting be a conference call instead of an in-person meeting in the interest of travel time. DR Aggregators had a call with PG&E yesterday to hear their proposal, and we all agree that IF there is an April 19 decision approving AMP, PG&E's modifications to allow a May 1 AMP start make sense to us.

If a phone call is agreeable, maybe Amy could send a meeting invite. I can provide a free conference call-in number: [Redacted]

Thanks,

Melanie

Good morning all,

I have set this meeting for Wed., March 7 at 2pm, Room 5209 which seems to work best with everybody's schedule. Please let me know as soon as possible if this does not work for any reason.

Thank you.

Subject: Re: Meeting with DR Aggregators on Tuesday, February 28, at 4 p.m.

Hi folks. We conferred with PGE this week and they believe they have a suggestion which may resolve our near term problem. Damon and I suggest we all meet this week to discuss.

By cc I am asking Amy Brodrick to work with you all the find the earliest available time that works for everyone.

Sid, if you have not already, will you please be in touch with the aggregators this week to share your suggestion? Hopefully the basics of your compromise can be well understood by all before we meet, so we can use the meeting time more efficiently. I appreciate it.

Thank you everyone.

Matthew

Subject: RE: Meeting with DR Aggregators on Tuesday, February 28, at 4 p.m.

Thank you, Sara.

Damon Franz from Cmr Peevey's office will join us as well. He is out of the office today and so I'm not 100% on his availability at this time. Let's pencil in the appointment, plan on keeping it, but allow Damon a chance to confirm or suggest an alternative.

Mona, Melanie, Rich, and Carlos, thank you for making yourselves available on short notice. I look forward to the discussion.

Subject: Meeting with DR Aggregators on Tuesday, February 28, at 4 p.m.

Dear Matthew:

First, thank you for the telephone call today to arrange a meeting with the DR Aggregators and you and Damon Franz.

Second, I have been able to contact the principal representatives of each of the DR Aggregators, and each is available for the meeting on Tuesday, February 28, at 4 p.m. In attendance will be Rich Quattrini of Johnson Controls/EnergyConnect, Carlos Lamas-Babbini of Comverge, and either Mona Tierney-Lloyd or Melanie Gillette for EnerNOC. I will also attend, but understand that your questions go to these principals.

Please let me know if this is still a good time for the meeting.

Thank you.

Sara Myers
