All, after discussing our confidentiality concerns around the NMV calculation with the ED, they have agreed to allow us to file the information in Tables V and VI confidentially. Accordingly, we will be removing those charts from Public Appendix A and including them in Confidential Appendix D with a confidentiality declaration pursuant to D. 06-06-066. They asked that we make you aware of this

discussion and to extend to you the ability to do the same.

Regards,
John
