Q 1: At page 98 of the January 12, 2012 CPD Incident Investigation Report, the CPD states: "A pattern emerged from the interviews conducted after the event that some PG&E personnel have little recognition that they were working with a very critical system that demands a high level of planning and execution of their work." Please provide a detailed explanation in support of this assertion. Please also identify all interviews, and statements within those interviews, including citation to page and line numbers, that support this assertion and your explanation. Please provide copies of all notes, memoranda, exhibits, transcripts, and any other documents related to such interviews, and all other interviews conducted as part of this investigation.
