Michelle, In terms of timing we are thinking we'll propose 9am-Noon on the 20th (Joe is starting his outreach today to the other parties although given the holiday he may not be successful in reaching everyone until early next week ). Given your scheduling constraints we are happy to move to the afternoon if that would work better for you. All else equal we figured people would want to get this over with earlier rather than later on a Friday. Let me know.

Hi Michelle,

PG&E would like to follow up on our last, more procedural discussion with CPSD regarding resolution of the various pipeline OIIs, with a more substantive discussion. We propose a meeting with CPSD on Friday, April 20th (time tbd), at PG&E's offices. PG&E also plans to invite the other parties we have discussed previously, to this April 20th meeting. If you could let me know that this date works for you and the CPUC team you anticipate would attend, we will proceed with the other invitations. If you could also please let me know how many people from the CPUC will attend, that will help inform the size of room we reserve for this meeting.

Thanks,

Trina
