What... you've enjoyed experiences with just a number of us? not all of us? this is only a very select group; if you didn't enjoy all of us then why include us on this note :-))?

I will always remember with a smile on my face the meetings we would have about BCAP and GIR -> FAR and those refineries - I love the Gas Tower! I learned a lot from listening to you; mainly I enjoyed the care and passion that you brought to your job and I think it rubbed off on me.

I see that Brian is on this email as well, so I will extend an invitation on top of Dave and say that if you are ever in the City (that's San Francisco), please look us up.

Go Clippers!

Happy Retirement in Utah. PS - I read in Wired magazine that the Federal Government is building the biggest spy center somewhere in Utah; I think Bluffdale, Utah. You should check it if you get bored during retirement.

I have 26 1/2 years left before retirement :-)

Congratulations!! Please keep in touch. If you decide to visit SF or LA in your well-earned retirement, please give me a call. I think talking with you may be as close as I will ever get to retirement. Warm regards, Dave Huard

After 26½ years with the Company, I am retiring from Sempra effective June 1. I've enjoyed sharing the opportunities and experiences with a number of you, and now look forward to new challenges in my life after Sempra. I wish all the best of success, and hope that translates into your individual satisfaction and a healthy stock price (so my wife can enjoy retirement in a style and manner to which she would like to become accustomed in our new home in southern Utah).

Regards,

Jeff
