Subject: RE: Revision of AL 3246-G

Hi [Redacted]

DRA is fine with the subject draft AL as revised, provided that we are clear the language in the draft below is sufficient for purposes of stating DRA's withdrawal of its earlier protest, and DRA does not need to actually file any AL to withdraw its earlier protest. With that understanding of the language below, DRA is good with the revised draft.

"DRA has authorized PG&E to inform the Commission that it withdraws its earlier protest, and fully supports the modifications stated below."

Thanks,

Pearlie

Dave,

As we discussed today, we plan to file this supplemental advice letter next Wednesday, and we would appreciate your thoughts and comments prior to filing. This AL will supersede the original, and requires a new 20-day protest period. However, the only change of substance, excluding the introductory paragraph, is the Specific CPIM Modifications Adopted the Commission, Item 10. This draft provides the edit marks in Item 10, so that you can readily see the changes.

Your reply at your earlier convenience will enable us to prepare this for filing on Wednesday.
Thank you,
