That just may be my next project, or they may assign it to someone on the electric side. They can only dump so much onto Sunil and we're a bit thin on experienced staff in gas.

Thanks. Looks like she'll have to recruit someone on staff – there is a staff report due mid-July.

FYI, Maribeth Bushey is the presiding ALJ; she is generally very hands-on for things like this.

Thanks for the afternoon cheer. I'll let you know what I hear from Julie, et al.

Actually this is the first I've heard of the workshop. Normally that would surprise me since I'm the lead investigator in five of the seven case we have open, but that's SOP at this place.

Kevin,

Are you involved in the June 14 workshop on Whistleblower regulation or do you know which staff person is? Just want to make sure we have the right level of attendance there and if there is anything expected of us in terms of presenting.

If you don't know, don't worry, I can reach out to Julie/Michelle/General Hagan directly.

Thanks.

Shilpa
