Subject: FW: Followup with Paul

Should we shoot for setting something up in the next week or so ?

Brian,

During our discussion with Paul and Frank last Tuesday, both Paul and Fong acknowledged that we should start discussing options for dealing with a potential wave of Sutter “me-too” type requests that could arise at the ISO/CPUC.

We should begin the dialogue with Paul, others at the CPUC, the ISO and the three IOUs sooner than later. Can you check with Paul to see if he has a process already in mind.

Thanks.

Roy
