Got it, and I like the idea of the opportunity for board members to react. I assume it's hot in Fresno!

Thanks

There will not be an opportunity to make remarks. The agenda will be Peevey introduces conference and speakers, speakers talk, we wrap it up. We are still deciding whether to have any kind of "takeaways" summary session where attendees say out loud what it is that they will do when they return to the Board room to take action on what they heard, that would be the opportunity to speak but in a way that reflects on having heard what was discussed that day, not speechmaking.

In lovely Fresno already!
Michelle

Subject: June 26 safety workshop agenda

Good morning!

Have you put together a more detailed agenda for the June 26 workshop? I'm wondering if it will be appropriate for PG&E to make some brief remarks about, for example, new executive leadership safety actions/organizational changes in the last year?

Will you be in Fresno? I'm driving down later today . . .

Thanks

Laura
