Subject: FW: Res L-430: PG&E request for copies of disclosed records

Hi Laura,

Will you kindly provide us an address for Lise Jordan so that we can mail her a copy of records in CD format that we sent to the requester last week. Thanks.

Berlina

Hi Fred!

Yes, this is indeed very helpful and you are reading it just right -- we want a copy of what you send out for our records and there is no rush. I appreciate the time it takes to put these things together.

I'm guessing that we might expect to see this, say, by March 15 or so?  
Or at least the end of March?

Lise Jordan is the right person to send them to for PG&E.

Thanks for your quick and helpful response.  
All the best,  
Laura

Laura,

I can provide you with copies of the records, but it may take a few days. For one thing, my staff waits until we receive a signed and conformed copy of resolutions authorizing disclosure before we send the documents. This usually takes a day or two. Second, my staff will need to copy the records, which fill several binders, make the necessary redactions, scan the documents so that we can make them available electronically, copy them to a CD for the requester, and now, for you as well.

I think PG&E already has pretty much all of these documents, since most of them were either provided to the Commission by PG&E, or sent to PG&E in the form of CPSD correspondence regarding the leak survey audits, etc., so I suppose one other process might be for you to see what PG&E has in its own files. Nonetheless, I know you would still be interested in seeing the batch of records we provide the requester, so I will have my staff make an extra copy for you.

I hope this is helpful.

- Fred

Fred

I know the Commission is scheduled tomorrow to authorize the disclosure of records about PG&E leak surveys (Res L-430).

Will you be able to provide us with copies of those records or is there another process for us to get them?

Thanks

Laura Doll
