Subject: 2nd Informal brainstorming re Storage

Location: CPUC Room 5100

Start: 5/11/2012 9:00:00 AM

End: 5/11/2012 4:00:00 PM

Thank you all for submitting comments on the “strawman” Matrix of storage Use case Categories. We are working through the suggestions and will have a revised Matrix and agenda of discussion issues in advance of the May 11 session, here at the CPUC. This is the date that works best for almost everyone, and I’m sorry if anyone is inconvenienced. We will have a phone bridge for remote participation.

Thanks again, and I’ll see you on Friday May 11.
