Paul --

Cool. Tuesday 29May works great for us -- how about 1000a?

Hi Sid,

Apologies for not circling back with you on this! Friday morning is pretty jam packed, but the afternoon is free from 1:30 to 3:00 -- not sure whether that will work for you. Alternatively, next Tuesday is wide open at this point, although not sure whether that will be preferable for coordination on your end after a 3 day weekend.

Other days next week can work too -- just let me know your preference.

Best,

Paul S. Phillips

Paul --

In my last note, I forgot to add -- would Friday morning work for you and your team?

Paul --

How about Monday 21May in the afternoon, or any time 22May?

Actually, the following week would work better for us Sid, as we'll have a couple of folks out at the NARUC rate school. Any preferred dates that week on your end?

Let me know -- thanks.

Paul --

Hi there! We would like to meet with you and your team again about the bill design -- I have included the agenda below. Would the afternoon of 17May or the afternoon of 18May work for you? Thanks.

yours,

sid

Agenda:

Review the plan for the Advice Letter:

Provide a sample redline of the current/new Energy Statement

Discuss the limited number of Prototypes to be filed and the plan to map other Energy Statements for other rate schedules to the prototypes provided

Discuss plan for getting approval of Spanish and Chinese Energy Statements prototypes

Introduce the new energy statement prototype

Answer any outstanding questions
