Subject: RE: BEPC Visit to PG&E

Meredith:

Would like to ask for your help in accommodating the Beijing Electric Power Company (BEPC) delegation visit. The delegation group planned to visit PG&E on May 25, Friday. This delegation will be consisting of 6 members and headed by Mr. An Jianqiang, the VP for BEPC (the first attachment is the name list of the delegation).

In the morning, they'd like to visit PG&E headquarters to have discussions with corresponding PG&E staff focusing on the questions they drafted (please see the second attachment for the questions).

In the afternoon, they'd like to see if they can visit the Potrero Substation.

By the way, I worked with Trans Bay Cable people, they are willing to give the BEPC delegation a tour of the nearby DC inverter station.

I'd like to give you a call in your convenience.

Thank you very much in advance!!!

Mr. Thalman:

Two days ago, I have sent you an email informing you the BEPC visit. Understing you are very busy, I'd like to know if you can appoint some one as a PG&E contact person so I can work with.

The delegation consists of six people headed by Mr. An Jianqinag, Vice President of BEPC. Please see the attachment for all the delegation members.

Thank you very much for your help!
