Hi Meredith,

You have a good one yourself. Looks like the weather will help in that regard!

And I look forward to the discussion. In advance of it , please prepare to speak about what PG&E has done or plan to do - both formally and informally - to help avoid the "Deveraux" situation from happening again. I am interested in hearing about, among other things, what has and will continue to change in policy, practice and culture. Thanks.

Jeanette

Jeanette,

Thanks for your call. We are interested in engaging in settlement discussions. Our attorney spoke with Christopher Clay from Legal Division yesterday and Christopher mentioned that he is planning to check in with your team early next week. It would be great to schedule time for settlement talks prior to the PHC in late June.

I hope you have a great Memorial Day weekend.

Thanks,
Meredith
