It will be good to work with you on this.

I'll have a better sense of what I need to know by Tuesday.

Hi Arthur,

Sid Dietz is currently covering this proceeding but we are shifting our case assignments in June and I will be working on this one after that. I'm out though Tuesday, but Sid can start tracking down information for you. He will give you a call. We definitely would like to work with you to see what we can resolve now.

Thanks!  
Meredith

Hello, Meredith,

I've recently been asked to take up staff support for PG&E's pilot project application A11-11-017, which is heading for hearings in July.

Who in your group should I connect with about these proposals?

I have some questions beyond what's been addressed in Intervener testimony, plus an interest in seeing if we can resolve some of the issues ahead of time.

Thanks!

With Regards,
