ADVICE LETTER 2358-E
(U 902-M)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

SUBJECT: MODIFICATION TO SAN DIEGO GAS & ELECTRIC COLLECTION NOTICE

San Diego Gas & Electric Company (SDG&E) hereby submits for filing the following changes to its electric collection tariffs, as shown on the enclosed Attachment A.

DISCUSSION

SDG&E is modifying its collection notices to update information to reflect the initiation of remote disconnect functionality as provided in D.07-04-043, which approved a settlement among SDG&E, the Division of Ratepayer Advocates (DRA) and Utility Consumers' Action Network (UCAN) to allow for SDG&E's proposed Advanced Metering Infrastructure (AMI) Project.¹

SDG&E has completed mass deployment of its AMI project and is nearing completion of its twelve month communication plan in accordance with the Disconnection OIR Settlement adopted in D.10-12-051. The Disconnection OIR Settlement requires SDG&E to *"Implement a 12-month transition process during at least the first 12 months following the installation of each smart meter, whereby remote disconnections will not be allowed except if the customer initiates a termination of service request to the Utility."*²

As a result, starting July 1, 2012, SDG&E may remotely disconnect customers for credit purposes.³ In support of this new functionality, changes to the attached electric service collection notice is deemed necessary to notify customers that disconnections may be performed remotely.

¹ D.07-04-043, page 2.

² D.10-12-051, Appendix A, Section II.B.21.

³ Remote connect/disconnect for customer initiated requests was implemented in the first quarter of 2011.

The current notice language begins as follows:

This is your final notification prior to disconnection. Your SDG&E amount must be received within 48 hours from the dates of this notice.

The proposed language is:

This is your final notice. You have 48 hours from the date of this notice to pay SDG&E or your service may be disconnected remotely.

The complete revised Collection Notice can be found in Attachment A.
