The 19th would be better, but the 18th might work.

Julie – thanks for getting back but both Jane and I are out of town on the 12th.

Is there any chance that June 18 or 20 would work? Or after the Commission meeting on the 21st?

Hi - How about June 12th? I am trying to schedule another meeting with Mike on that day, so it might be best to have both the same day.

Julie

I realized we hadn't set a time yet on this encroachment issue/customer outreach program. I'm sure you are swamped, but I don't want to let it slip too long. The CPUC may get calls as we make customers aware of the need to address encroachments on their property.

Thanks

Laura

Hi Laura,

Since this is an ongoing issue, Michelle won't be working on it. I will check on staff availability and let you know.

Thanks

Thanks – I'll await Julie's scheduling response.

Encroachment is also within the Class OII in that it ties to patrolling.

Laura- I'm going to defer this to Julie for follow up since I'm transitioning out of the day to day work.

At this point, my role is focusing on the enforcement cases and not on the day to day.

Thanks.

Michelle

As I mentioned to you when we last spoke, Jane Yura and I would like to talk with you and your team about how we are approaching encroachment in gas pipeline rights of way.

Do you have any time in the next week or so? We'd like an hour, and we're pretty flexible on when! I know it's Comm mtg week and an upcoming holiday weekend. Just let me know when it could work.

Thanks

Laura
