Julie -- I saw the materials pulled together yesterday, so they should be making their way to you soon. I'll have the call with Sunil (and Mike if you'd like to join the call) to talk about reporting and the Pipeline Safety act, and they can update you on the short discussion.

Thanks much,
Jane

Hi Jane,

I'll be out on Friday, but based on our discussion from May 29th, I am expecting to see PG&E's Overpressure Plan (the who, what, where, when of what you are doing to address the issue), your Sulfur Filter Program, and the root cause analyses that you have done. Mel indicated that he would provide these things in our earlier discussion.

Thanks

Julie Halligan

Jane,

Friday afternoon will work, but not Thursday. Please let us know if that works and the call-in number.

Thanks, Jane.

Hello Sunil,

Sorry to be delayed in responding. Is it possible to have a call later Thursday afternoon or Friday afternoon? I know that there is time off planned for many folks due to the upcoming 4th of July, as well as summer vacations, and want to make sure we're getting you the information that you need.

Thanks,

Jane

Jane,

Do you still want to meet tomorrow to discuss over-pressure excursions? If yes, could we do it through a teleconference?

Thanks, Jane.

Sunil
