Dave - best of luck in Sacramento. You will be missed by all of us here at PG&E. You have always been open and responsive to our needs and I wanted to wish you all of the success in the world at the CEC.

Subject: The Long and Winding Road

Time to Move on..... As you may already know, I've accepted the position as Director of the Energy Efficiency and Renewables Division at the California Energy Commission. My last day at the CPUC will be Friday, June 29th (I'll be out next week).

Working for the CPUC over the last four and a half years has been an interesting chapter in my career. I admire the dedication of CPUC staff and relish the friendships I have made - with a special thanks to those who have provided encouragement and support.

As I will continue to be involved in many activities in energy efficiency and renewable development that include the CPUC, I look forward to continue working with many of you in my new role.

My new email address at the CEC will be Dave.Ashuckian@energy.ca.gov

Stop by and say hello when you are in Sacramento.

Sincerely,

Dave
