I guess then the update is that you shouldn't expect to hear from us for a bit.

We are working on something such that we might be prepared to make a set of demands, but it won't be ready for a while. I will state again that your folks appear to have unreasonable expectations, had you appeared more realistic, we might be talking.

My understanding is that the task force cannot initiate said meeting, and that the ball is in your court to request. Do it soon, I'm leaving the country 6/30 and I'm fairly certain that you don't want that meeting without me there. I'm not available M or Tu.
