One of the items went out the day after we meet. I am pushing on the rest and there should be action soon.

Thanks for meeting with Conor and me to talk about PG&E's pending Tier 3 Section 851 Advice Letters under the pilot program.

Thought I would check in with you to see if you'd had a chance to follow up with Andrew and whether there is anything else we should be doing right now to facilitate the process?

You missed quite a show with PAC and Frank earlier this week! I admire their courage.

Hope you have a good weekend.
