Subject: RE: PG&E Gas Storage Facility Information, email 1

Eugene,

We want to make an adjustment in two of the Goggle maps over which we'd had drawn the reservoir boundaries. The change on the Los Medanos map is pretty minor; a slight reorientation of the angle of the storage field. The Gill Ranch map showed only the project boundary, not the reservoir boundary. Revised maps are attached.

Subject: PG&E Gas Storage Facility Information, email 1

Eugene,

Enclosed, you will find PG&E's 1st response to your verbal request concerning PG&E's storage facilities. We have included a response and maps answering your questions for each of PG&E's facilities: McDonald Island, Los Medanos, Pleasant Creek and PG&E's portion of Gill Ranch Storage. Please call either [Redacted] or me with your questions:

Two emails were necessary because of the size of some files. Please reference PG&E Gas Storage Facility Information, email 2 with the maps of the reservoirs' boundaries.

Thank You,

[Redacted]

Response.
