Subject: Interagency Meeting F/U re: CPUC GO 131-D CEQA Review

Hello All:

UPDATE – Conference Call information For those not able to join in person

Call Redacted, meeting number Redacted

We previously sent out a “hold the date” for Tuesday June 19 from 1-3pm for this meeting based on a doodle poll. I am confirming the meeting is a GO and have provided a room location. Please let me know if you are able to attend in person or will need a call in number so that we can get this information out as well as presentation materials in advance of the

meeting.

If you will be attending the meeting in person I will submit your names to the Security Guard in the lobby of our main building located at 77 Beale Street (between Market and Mission Streets in San Francisco). Once you have all assembled we can send my assistant down to escort you up to the 28th floor where the meeting will be held.

Here is our proposed agenda:

3. PG&E Project Case Studies – [Redacted] David Kraska, PG&E
