Request Date:	January 17, 2012	Requester DR No.:	003
Date Sent:	January 30, 2012	Requesting Party:	Plumbers/Pipe Fitters/Steamfitters Local Unions 246/342
PG&E Witness:	Ben Campbell	Requester:	Sarah Grossman-Swenson

As used in the following questions, the terms “segment,” “pipeline segment,” and “pipeline test segment” are used synonymously, in the context of hydrostatic gas pipeline testing, to refer to the portion of a gas pipeline between the inlet and the outlet for water used in a particular hydrostatic test.

QUESTION 25

With respect to each pipeline test segment upon which a hydrostatic pressure test was performed in 2010 or 2011, please state the name of company that read the volume, pressure, and temperature data for each hydrostatic test.

ANSWER 25

PG&E employed RCP to record the test data for every test performed in 2011.

PG&E did not conduct any hydrostatic pressure tests on existing pipe in 2010.
