FOR LEAVE TO FILE CONFIDENTIAL MATERIAL UNDER SEAL
CONSISTENT WITH THE CONFIDENTIALITY PROTECTIONS
OF DECISION 06-06-066 AND PUBLIC UTILITIES CODE § 583**

I. SUMMARY OF RELIEF REQUESTED.

Pursuant to Rule 11.4 of the Commission’s Rules of Practice and Procedure (“Rules”), Law and Motion Resolution A LJ-164, Decision (“D.”) 08 -04-023 and Public Utilities Code Section 583 (“Section 583”), Pacific Gas and Electric Company (“PG&E”) files this Motion for Leave to F ile confidential energy procurement information under seal. The material PG&E seeks to protect is included in the confidential, unredacted version of the *Application of Pacific Gas and Electric Company (U 39 E) for Approval of the Power Purchase Agreement With Nevada Irrigation District and for Authority to Recover the Costs of the Agreement in Rates* (“Application”) that PG&E is filing concurrently with this Motion.

II. THE MATERIALS PG&E SEEKS TO FILE UNDER SEAL ARE PROTECTED UNDER CONFIDENTIALITY RULES THE COMMISSION ESTABLISHED IN D.06-06-066.

Section 583 provides that, “[n]o information furnished to the commission by a public utility. . . except those matters specifically required to be open to public inspection by this part,

shall be open to public inspection or made public except on order of the commission, or by the commission or commissioner in the course of a hearing or proceeding.”

In D.06-06-066 the Commission adopted rules and procedures governing the submission of confidential energy procurement information to the Commission. Appendix I of D.06 -06-066 provides the Commission’s matrix governing the confidentiality of energy procurement data provided by Investor-Owned Utilities (“IOUs”). D.06-06-066 instructed practitioners to look to confidentiality statutes such as Section 454.5(g), General Order (“GO”) 66 -C, and the Commission Rules on which to base an assertion of confidentiality.¹

In its subsequent decision on the issue of confidentiality, D.08 -04-023, the Commission required that material formally filed with the Commission for which an IOU seeks confidential treatment must be accompanied by a Motion. In its Motion the IOU must establish:

1. That the material it is submitting constitutes a particular type of data listed in the Matrix;
2. The category or categories in the Matrix to which the data correspond;
3. That it is complying with the limitations on confidentiality specified in the Matrix for that type of data;
4. That the information is not already public; and
5. That the data cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.¹

In addition, a party may seek confidential treatment of data not included in the Matrix pursuant to General Order (“GO”) 66-C by filing a motion pursuant to Resolution ALJ-164.²

Attached hereto and incorporated herein by reference is a table that: (1) describes the material for which PG&E seeks confidential treatment; (2) states whether PG&E seeks

confidentiality protection pursuant to D.06 -06-066 and/or other authority ; and (3) where PG&E seeks protection under D.06 -06-066, the category or categories in the Matrix to which the data correspond. In the column labeled “PG&E’s Justification for Confidential Treatment”, PG&E explains why the material should be protected. In addition, where PG&E relies upon D.06-06-066, the attached matrix indicates that: (1) it is complying with the limitations on confidentiality specified in the Matrix for that type of data; (2) the information is not already public; and (3) the data cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.

III. CONCLUSION.

For all the reasons described above and in the attached table, PG&E requests that the Commission grant this request to file the confidential, unredacted version of its Application under seal. As required by Rule 11.4(a), a Proposed Order granting this Motion is attached behind the table.

DATED: June 20, 2012
