ADVICE LETTER 2365-E-A
(U902-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

**SUBJECT: PARTIAL SUPPLEMENTAL - REVISIONS TO THE POWER CHARGE
INDIFFERENCE ADJUSTMENT AND TRANSITIONAL BUNDLED SERVICE
RATE COMPONENTS PURSUANT TO DECISION 11-12-018 AND
RESOLUTION E-4475**

PURPOSE

This partial supplemental advice letter is being filed to supplement San Diego Gas & Electric Company (SDG&E) Advice Letter (AL) 2365-E, in order to correct the credit rates for the 2011 Power Charge Indifference Adjustment (PCIA) refund (included herein as Attachment B), slight modifications to Attachment C (Market Price Benchmark by Vintage) to correct a single contract represented in the wrong vintage, and to clarify that SDG&E will revise its 2011 Ongoing Competition Transition Charge (CTC) and re-bill affected customers for both the PCIA and CTC charges.

DISCUSSION

SDG&E filed AL 2365-E on May 29, 2012, which sought California Public Utilities Commission (Commission) approval of revisions to the PCIA and transitional bundled service rate components pursuant to D.11-12-018 and Commission Resolution E-4475.

Subsequent to filing, SDG&E discovered a reference error¹ in the calculation of the PCIA credit rates that were submitted in Attachment B. Attachment B of this substitute filing includes the corrected PCIA credit rates. It was also discovered that a single contract was represented in the wrong vintage². Attachment C to this filing includes slight adjustments to market price benchmarks by vintage as a result of this correction.

¹ The CTC amount included in the PCIA credit rates calculation had a reference error that failed to update for the revised CTC.

² The contract San Marcos Landfill was identified as a 2011 vintage as it had recently been renegotiated. In fact, the "old world" vintage contract was still in effect until 5/1/2011 and these costs should have been identified accordingly.

Additionally, pursuant to discussions with the Energy Division, and the issuance of a Disposition Letter regarding Pacific Gas & Electric's (PG&E's) equivalent AL 4044-E, which clarified that "the Commission's intent in the ordering paragraphs in D.11-12-018 was to give customers credit for the effects of the new indifference methodology for the entire Power Charge Indifference Amount revenue used to develop the PCIA and Ongoing CTC charges"³, SDG&E will file a separate AL, served in the same manner as AL 2365-E, providing 2011 modified CTC rates so SDG&E can re-bill affected customers for both the PCIA and CTC charges. As required, the AL will include supporting documentation showing all underlying calculations.

EFFECTIVE DATE

SDG&E believes this filing is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to GO 96-B. SDG&E respectfully requests that this filing become effective on June 18, 2012, the date filed, per Resolution E-4475.
