Thanks, our folks will grumble, but we'll get it done.

Hello there. Valerie has indeed moved on, and unfortunately, no one is managing the data base any longer because she was under a student agreement (and we can longer employ students under the most recent budget). (The data base still exists, but no one has the time to figure out how to use it...) I will see if there is someone on our side that can help, but in the short term I don't hold out much hope, sadly.

Michelle,

Welcome back! Hope the Alps were lovely. We're producing many hard drives and DVDs with all of our data responses in the Records OII and the San Bruno OII. As you can imagine, these are massive and just a copy of what was provided previously.

I thought Valerie was tracking all the DRs so that CPSD and Legal Division could mine this information easily and avoid these administrative requests.

But I just heard that Valerie is no longer with CPSD. Is there someone else managing the database now?

I figured since this is OII retroactive territory, I still get to ask you ☺

Thanks.

Shilpa
