Thanks Michael. Hello Scott. Let me look into it and get someone Scott can call anytime.

Subject: PG&E SF Street lights

Hi Brian

Hope you are doing well. On Sunday I was at the SF AIDS Walk where I ran into SF Supervisor Scott Wiener (CC'd to this note). Mr. Wiener was lamenting how he frequently gets many complaints from his constituents about streetlights in their neighborhood not working properly. He continued to remark that his efforts to work with PG&E to get better information, shorter fix times, etc. has been stymied by lack of a good contact person... I was hoping that you could provide his office with the right person within PG&E to help coordinate these types of complaints in a more systematic fashion, and perhaps to give him a briefing on how PG&E operates so that he can better respond to the complaints he gets.

Many thanks!

Michael
