Subject: R.12-06-013 - Res Rate OIR Aug 27 Workshop - Panel Invitation

Dear PG&E, SCE, and SGD&E,

Please forward to the appropriate people in your organization.

This a heads up that we have set August 27th as the date for the 1st R.12-06-013 Residential Rate Structure OIR. A draft agenda is attached. The purpose of this scoping workshop is to develop the preliminary list of questions for the OIR. It will not be a substantive discussion of the response to the questions. That will come later in the proceeding. We have structured the draft agenda around four sections drawing directly from the question posed in the OIR with some additions. These sections are:

- 1) Goals of Retail Rate Design
- 2) Rate Design
- 3) Equity Concerns
- 4) Coordination

During the workshop participants will be asked to comment on the initial set of questions: are these the right questions, are there additional questions, etc. For each section of the agenda we are inviting parties to select one representative of their collective interest group to provide 3 minutes of opening comments on the questions. So we are asking the IOUs to coordinate IOU

participation in the workshop by choosing one panelist to provide initial comments on each section. You can choose a different panelist for each section if you like. We are asking other interest groups to follow the same protocol (i.e. TURN and DRA will choose one representative to collectively represent them on each pane.) We are not planning to have presentations or slides in this workshop as the emphasis is on discussion and dialogue. We are keeping these opening comments to 3 minutes to allow ample time for audience participation and email questions from remote webinar participants.

Please let me know if you have questions about this format and let me know if the IOUs have chosen panelists.

Thank you.

Gabe Petlin
