Subject: RE: Call?

Cliff, We would just like to get some clarification re the intent and implementation of the last procedure listed in the attachment of PG&E's SMOO AL filing. If you recall, this aspect was protested.

Alope,  
Can you advise on the subject? I'd like to be prepared...  
Thanks.

Hi Cliff:

Sorry for the interruption of your weekend. I have been out as well today. Let's plan to talk at 4pm on Mon. Thanks for making time on short notice. It would be good to set up a bridge, as we may have another ED staffer call in. 30 min should be enough, I think.

Have a good weekend.

Subject: Call?

Hey Alope. I understand you'd like to find time to talk about our Opt-Out Program...

I've been out on vacation this week, back next. I'm free late in the day on Monday (4:00) if that works for a call. I'm (unfortunately) doing some traveling on Tuesday - Thursday, so if not Monday, then perhaps between things during those days by phone, or on Friday.

Let me know what works best for you...

Happy 4th of July weekend.

Cliff
