Subject: RE: Green Option Rooms

We have to post notice on the daily calendar 10 days in advance of the workshop, so unfortunately we can't do July 26. That is a bummer. If you have some alternative dates please call me and we can check room availability in real-time. I do not have either of your numbers.

Thanks Gabe! We'll wait to see if it works for ALJ Clark and if he's ok with an off-site location. If it works for him, we have a room available here but it has a capacity of 20 people.

Thanks again,

Karen

Subject: Green Option Rooms

Sid and Karen,

No workshop rooms available on July 26. That leaves a hearing room (not great for dialogue) or your place –if you have a room suitable for this.

I asked ALJ Clark if that date works (mostly sure it does) and whether he is ok with off-site location.
