Subject: Re: CONFIDENTIAL: Bottle Rock Data Request

Thanks Meredith,

I'll send it next Monday.

Jason,

We are comfortable with this aspect of the agreement being referenced generally in the redacted resolution. Would you please send me the language just to confirm the exact wording?

Thanks,

Meredith

Subject: Bottle Rock Data Request

Confidential Deliberative Process

Meredith,

PG&E has made it confidential that it has agreed to waive the accrued non-performance damages for Bottle Rock in the amended and restated PPA. Please provide a rationale for why this information was not disclosed in the public portion of the advice letter as well as the appropriate confidentiality guidelines that permit PG&E to protect this information. Energy Division requests that the agreement (not the actual value) be disclosed in the redacted portion of the draft resolution. It is one of the many important amendments that were made in the PPA but it is the only critical amendment that was not disclosed in the public portion of the advice letter.

Please get back to me by Friday afternoon. The draft resolution will be handed off to Ed Randolph tomorrow for internal review and is scheduled for the August 23, 2012 Commission meeting.

Thanks kindly,

Jason L. Simon, CFA
