Don

I just found out that John Hughes is coming to the CPUC now for a meeting (what is up with that??) and so he has the CDs and you will have them shortly.

Amazing service, right? ☺

Laura, I think that will be acceptable.

Richard

I just found out that we have everything on CDs and that three copies could be included in the run to the CPUC this Thursday, addressed to you. Is that acceptable?

Laura, at page 14 of the NOI (under Supporting Documentation), it refers to drafts of the Application and testimony. Please provide three copies of the draft Application and testimony to the Energy Division. Or, again, if you could provide a link to that application and testimony, that would be fine.

Richard

It took me a while to figure out how to get the NOI to you. See if this will work: In this press release, there is a website: [www.pge.com/grc](http://www.pge.com/grc) and that has all of the public messaging stuff as well as a link to the NOI itself.

As you know, it goes first to DRA and as I understand it they review it for 25 days.

Let me know if for any reason you can't open the NOI and I'll figure out another way to get it to you.

And have a happy (probably short) 4<sup>th</sup> of July!

Thanks again for asking about the GRC . . .

Laura
