Subject: RE: Sunil Request

They all worked for Canus. They held the title of CCS ( Construction Coordinator Supervisor). [Redacted] is now a Supervisor / Manager working directly for Canus at their Morgan Hill office.

Great. However, I need to be able to explain who these people are. Who do ( or did) they work for, what position, what are the general duties and the particular association with [Redacted]

**Subject:** FW: Sunil Request

[Redacted]

Sunil Shori of the CPUC has two follow up questions regarding [Redacted] and the attached data response.

1. In the response we say:

PG&E Construction Management surveyed several other PG&E and contractor employees who worked with [Redacted] and none of the people surveyed reported any discussions with [Redacted] regarding weld quality or recommendations.

Who did we interview? How did we conduct the interview? Telephone? Email? If we used email to survey welders, please provide a copy of the email and any responses.

2. Was any other contract weld inspector released for cause similar to Redacted? If so, who? Under what circumstances?

I need this information as soon as possible.

Call me if you have questions.

[Redacted]

Sunil has some follow up questions about CPUC 292-06. This is about weld inspections.

Can you send me the data response?
